

SAINTS

70

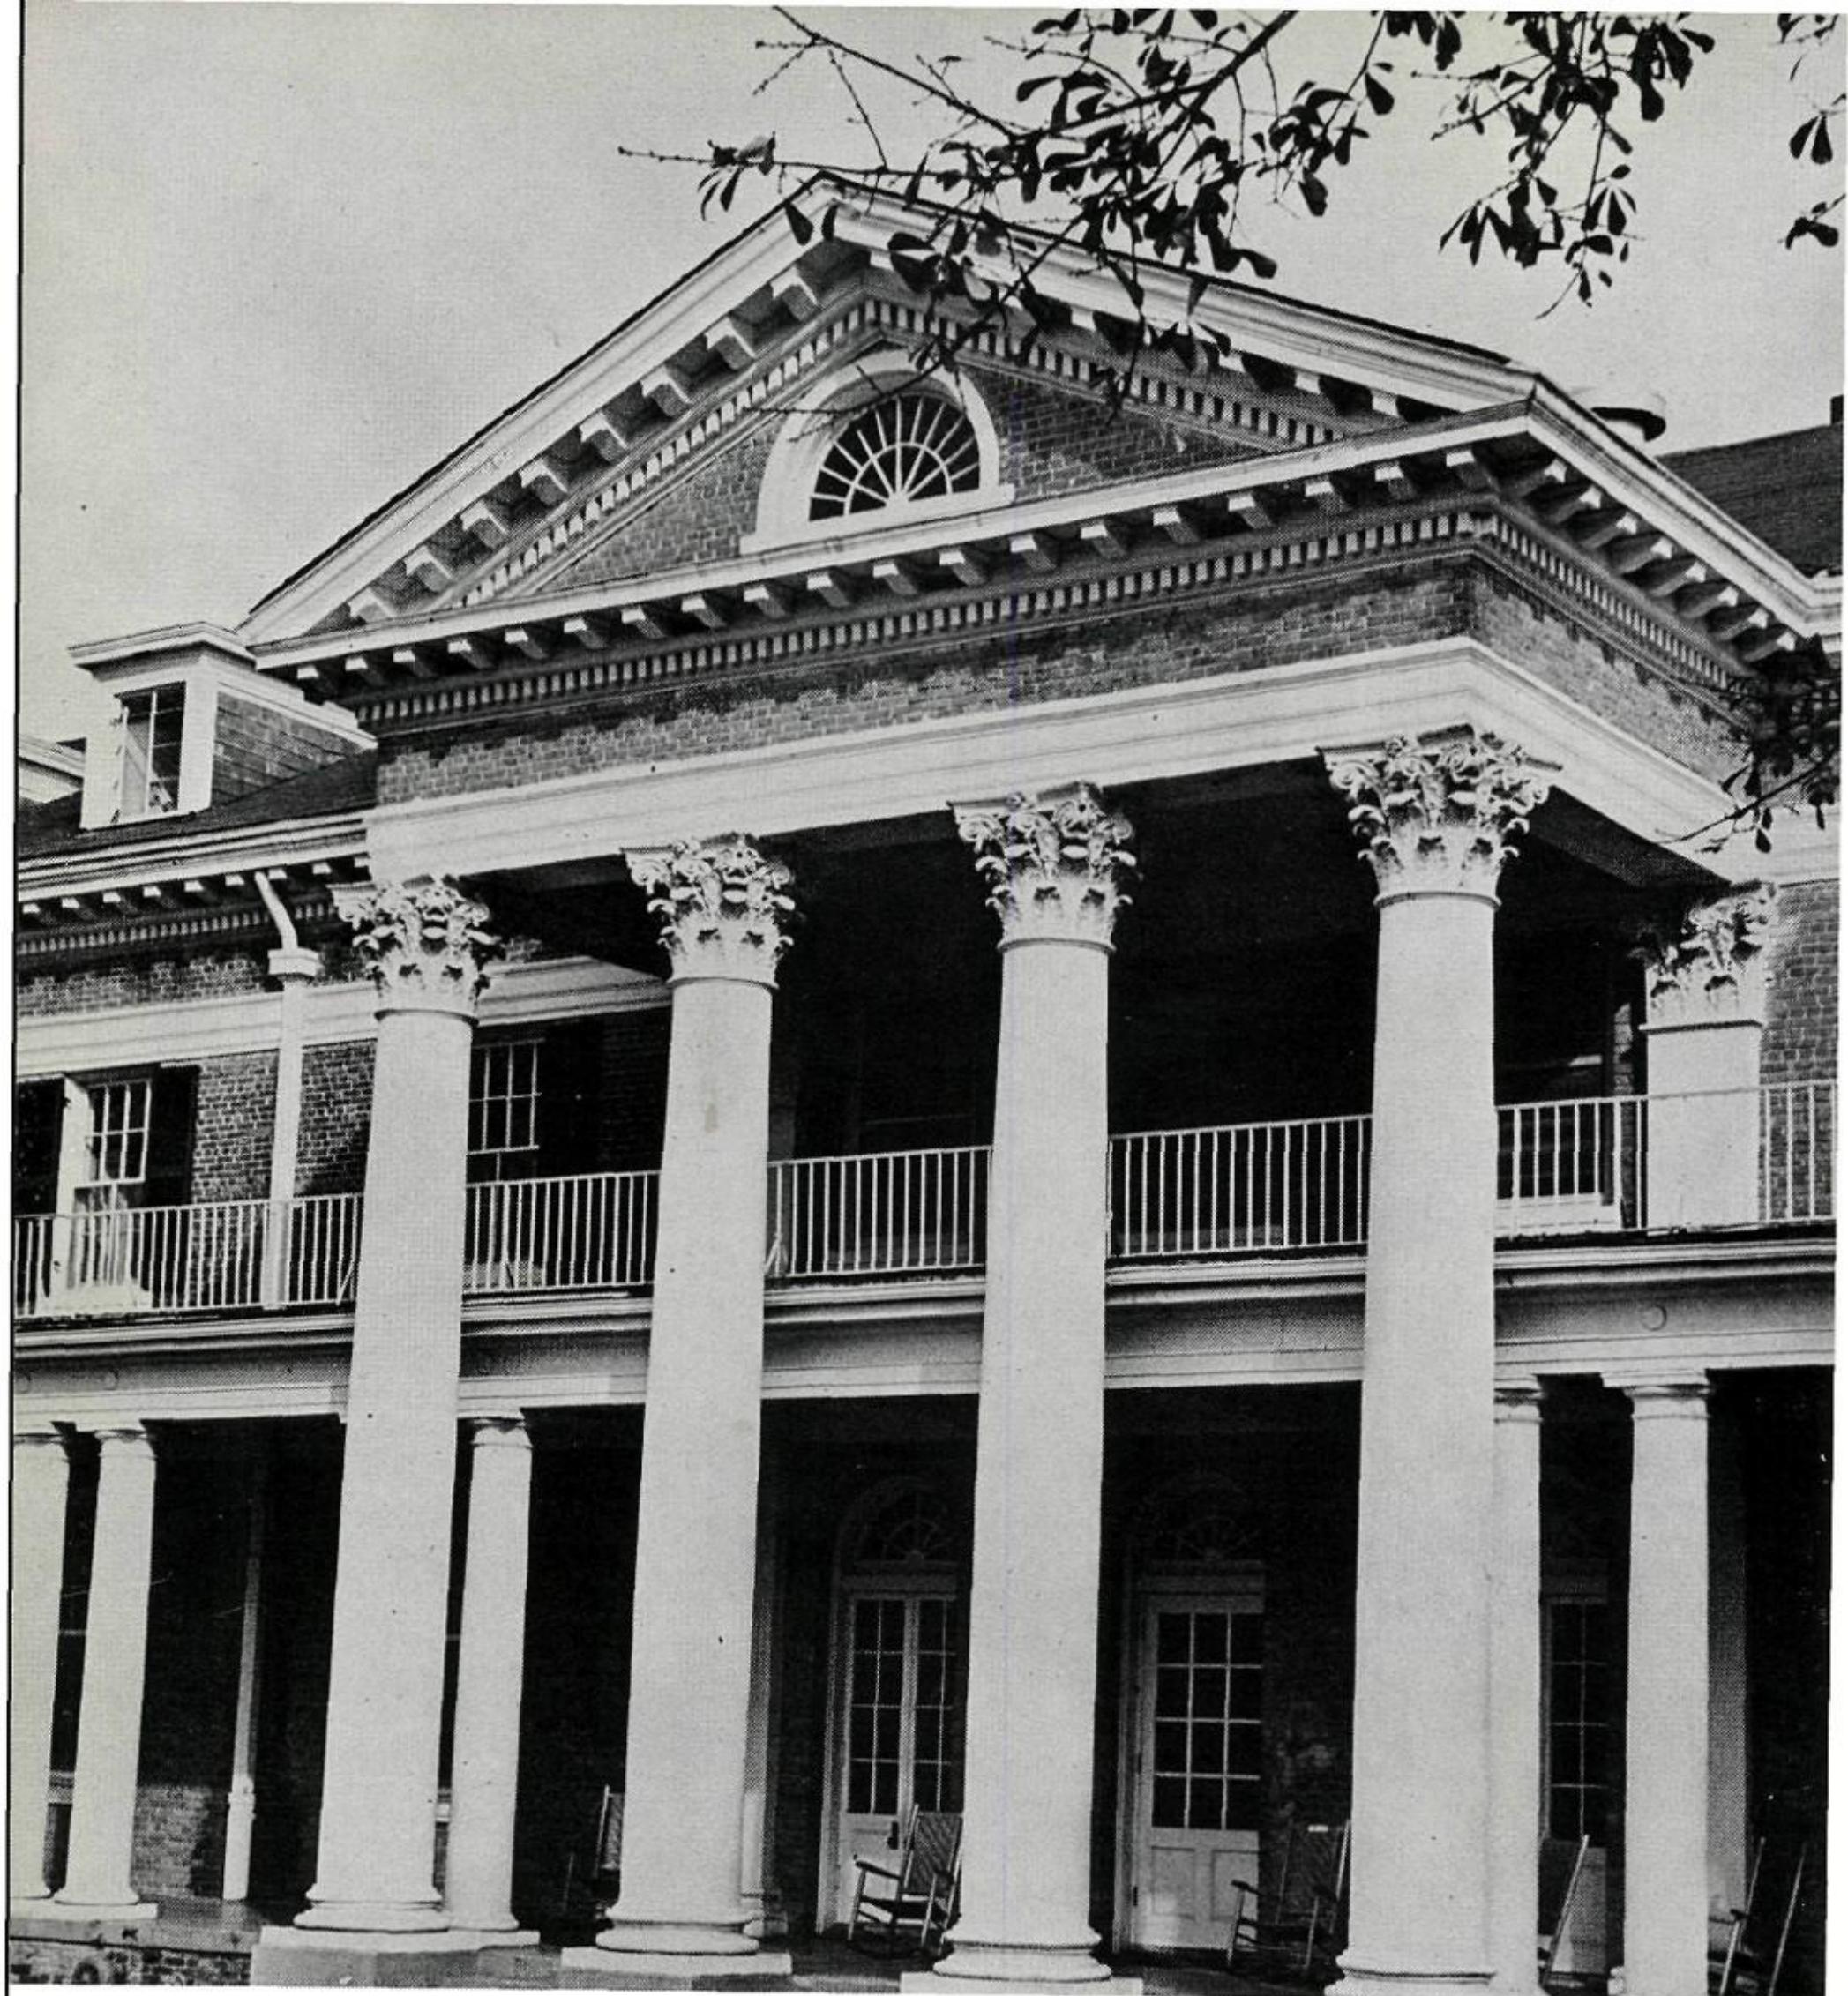

1969-70 has been a year of changes. The world moved into a new decade. The United States put men on the moon and began re-evaluating many of its policies. Mississippi faced the issue of integration. All Saints has also changed tremendously. This cover symbolizes the atmosphere of movement which has pervaded this year. It is both a rising and a setting sun—the old and the new.

—MARY VERMILLION

DEDICATION

The *Saints '70* is dedicated to the Spirit of All Saints. In the past year this "Spirit" has been one of change and growth, as an improved faculty and students tried several innovations. This annual is given to the future of All Saints School.

We'd like to express our appreciation and thanks
2 to Mr. Perkins and Mrs. Yerger.

one more year . . . one more tomorrow. It has been a year of challenge, of learning how to be leaders . . . now we are.

When we return, we will no longer look up to "them" . . . they will look up to us. The challenge is great, but all of us are eager to accept it.

Freshman play

"We love you Seniors, oh yes we do!"

"There's a 6 foot WHAT crawling down the hall?"

"A picture of innocence? . . . Ha!"

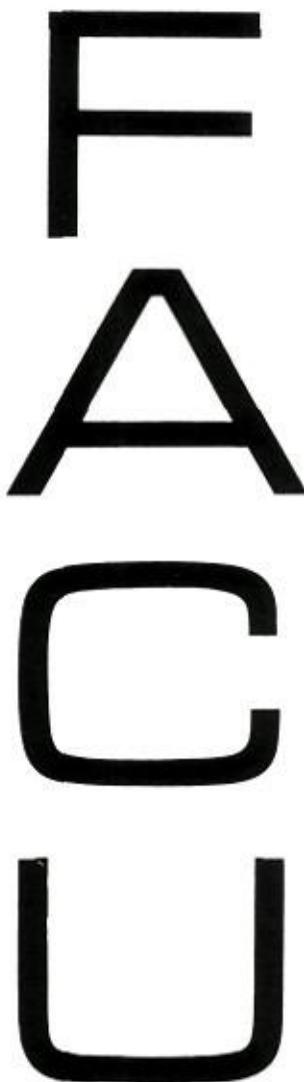

"They'll NEVER find me here!"

Life is not an easy thing to accept for any person, young or old. For a girl it seems especially difficult. Likewise, All Saints' life was not easy for the original eleven freshman to accept at the beginning of the 1969-70 term. Getting adjusted to an all girls' school and the tensions that accompany it seemed an impossible task for our small class. It would have been, too, had we not had the guidance and understanding of the older girls who were living their second, third, and fourth years here. Thanks to them we now know what it takes to retain our sanity in a boarding school where we have to cope with senior raids, senior day, Angel-Devil "wars" and twenty-four hour exams.

This year is almost over and there are sixteen freshman. Still the smallest class, we have a closeness that the upper classes lack. It has been a great year for us. We have tried our best for All Saints. We have not failed ourselves in learning how to survive in a world that was so alien to us up to now. So, we, the Freshman class of 1970 would like to say thank you to everybody for everything this year.

During the year of 1969, there was someone who helped us through some hard times. He was a teacher and our class sponsor. But more than this, he was a friend; someone we could confide in and someone who would listen. With deepest sincerity and much love, the Seniors dedicate this section to Mr. Amzi G. Barber, Jr.

Seniors at Kuhn Charity Hospital

As Senior Class president, I have been asked to write something for this section. The annual has been dedicated to the new spirit of All Saints', and we hope that this spirit will be able to carry on with what the Seniors have tried to achieve this year. Our aims have been 1) trying to achieve better faculty-student relationships, rather than just faculty-student classroom relationships; 2) trying to learn outside the classroom, rather than just learning in the classroom; and 3) trying to live and be happy, rather than just living for academics. We have not achieved all that we wanted, but we have started something that should be carried on in the future.

I wish all future students luck; you will need it, my friends. Take care and peace.
